A Book Talk & Signing

**Lora Jo Foo**

***Earth Passages: Journeys Through Childhood***

Consisting of 28 vignettes and 53 color nature photographs, *Earth Passages* tells the story of the author growing up in the inner city ghetto of San Francisco's Chinatown – in a segregated community, in a housing project, at age 11 sewing in a garment sweatshop. In the girl's rare escapes into the woods she discovers a magical world so unlike the ghetto in which she lives.

*"Lora Jo Foo's stories are touching, painful and deeply honest. She gives us a window into life behind the restaurants and souvenir shops of Chinatown and shows us the healing process that nature provides. It's the kind of book that takes a lifetime to write."*
